

The Original High School Hackathon  
April 24-25, 2021

Alexandria, VA  
Thomas Jefferson High School for  
Science and Technology

## Dear Potential Sponsor,

HackTJ is Major League Hacking's first high school hackathon. On April 24-25, 500+ of the brightest high school students from all over the East Coast will come together to build mobile applications, wearables, websites - you name it! We would love for you to join us for our eighth anniversary.

### "Hack-a-what?"

Hackathons are 24-hour competitions where students learn to code and work in teams to bring their ideas to life. Student hackathons now take place at universities and top high schools around the country, and all students – from beginners to experts – are encouraged to attend.

**Our mission is to provide ALL students with an environment in which they can gain computer science and innovative skills and then use their knowledge to build something unique.**

### Why Should You Help?

Come to HackTJ to meet the next generation of aspiring coders, to showcase your products, and help support and promote diversity in CS! It will be a lot of fun, and we can't wait to see you there!

On the next page you'll find a list of sponsor benefits describing all the exciting ways in which you can be a part of HackTJ. Shoot us an email at [sponsor@hacktj.org](mailto:sponsor@hacktj.org) if you're interested in sponsoring or have any questions. We couldn't be more excited for HackTJ 8.0, and look forward to having you as a proud HackTJ sponsor.

Thanks!
